

CASE STUDY: ST. MICHAEL'S ACADEMY

Background

St. Michael's Academy wanted to provide university-grade laboratory space for a K12 school.

The Challenge

The lab space was glass walled and visible from the main entryway into campus. The lab needed to showcase the quality of the school's classrooms and impress visitors.

The Solution

To create a contemporary, visually impressive and premium lab space, we provided full overlay, steel cabinetry, concealed hinges and modular workstations.

Furnishings Provided:

- Kewaunee Steel Casework - overlay with concealed hinges
- Kewaunee Fume Hoods
- Kewaunee Kemresin Work Tops
- Kewaunee Enterprise Movable Workstations

Square Footage: 1,500

Budget: \$1,000,000

Lab Furnishings Contract: \$90,000

Completion Date: 2015

Architect: Miro Rivera

General Contractor: Rizzo Construction
